TOGETHER INFORMATION
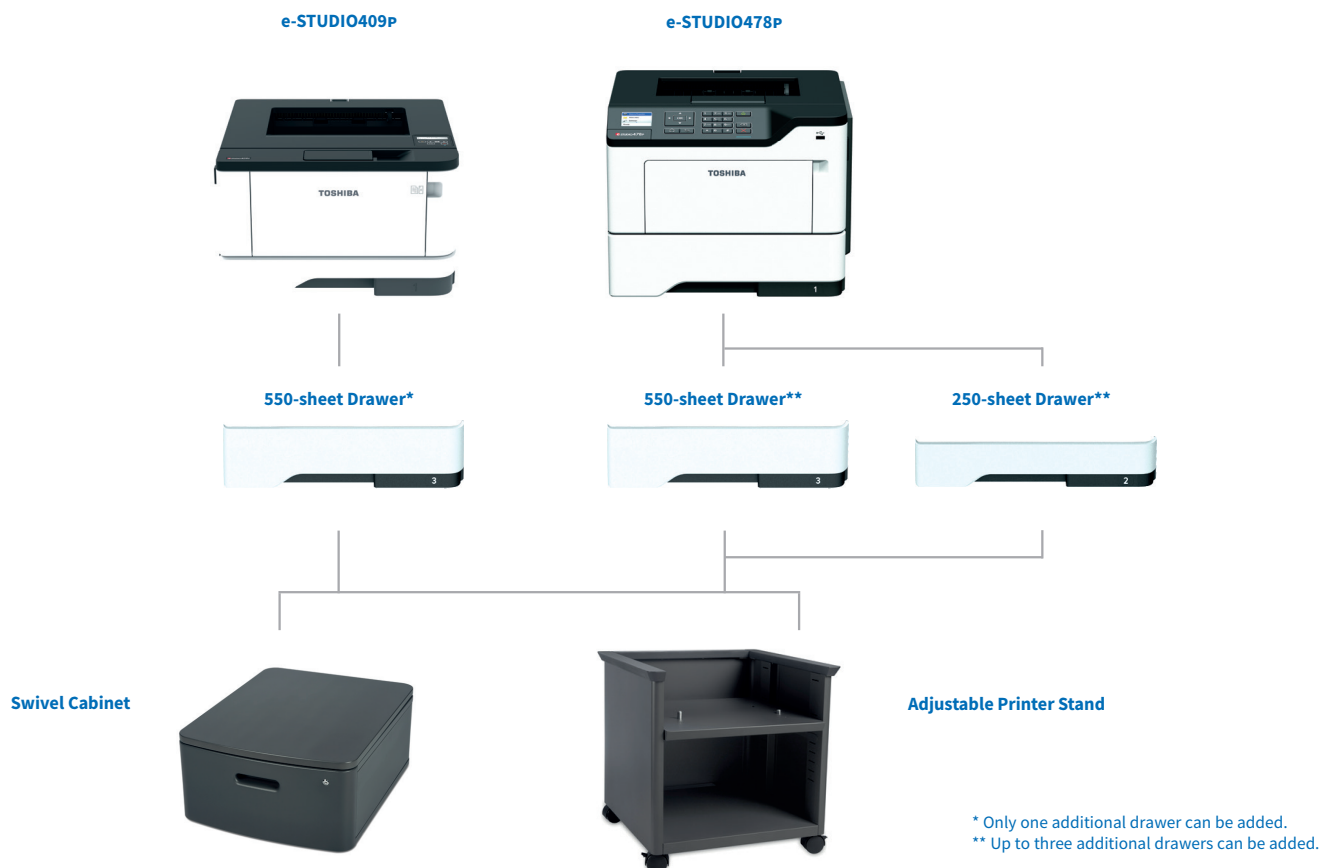

Ready when you are

For your day-to-day business you need a reliable printer which delivers impeccable document output every time you print. Toshiba's e-STUDIO409ᴘ and e-STUDIO478ᴘ offer just that. With print speeds of up to 40 and 47 pages per minute (ppm) respectively and a fast first print output time, these productive printers are ready when you need them.

Easy to install and even easier to use, these high quality devices are compatible with most operating systems. Intuitive operation gives users instant access to all functions and the status of their print jobs. If necessary, these systems can grow with your increasing requirements - for example, by adding additional paper sources. With many more optional functionalities, the e-STUDIO409P/478P can increase your efficiency even further.

The increased security requirements are met by the support for the IPsec protocol and SSL encryption. The package can be topped off with the confidential print function or a control panel lock.
