Features & Design

Portability and productivity

Latest Intel Core processors along with Intel Graphics come together for productivity on-the-go.

Portable device, nice view

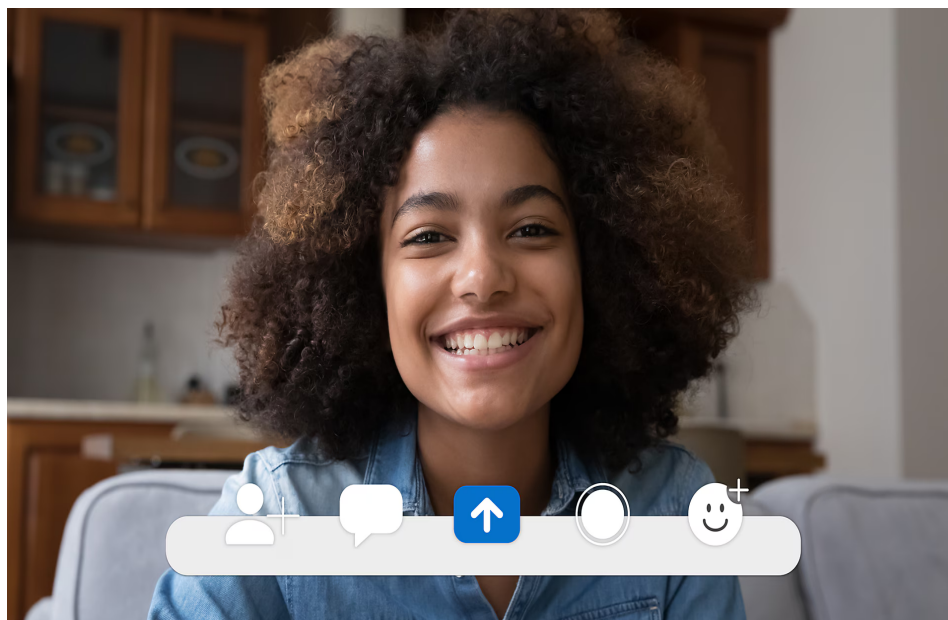

Enjoy a comfortable viewing experience on a light and compact 14-inch laptop with a 16:10 aspect ratio and up to 2.2K resolution display. With Dell ComfortView Plus, even during prolonged screen time, this TÜV Rheinland certified solution helps reduce harmful blue light emissions to keep your eyes comfortable while preserving true-to-life color.

Designed for productivity

Your Inspiron PC is now ready for business with military-grade testing for added reliability and easy-to-use, built-in Trusted Platform Module to protect your data. Plus, connect all your personal and business devices with a range of connectivity options.

Chat without distraction

Bring your connections to life with up to FHD camera that minimizes visual noise and wide dynamic range that improves image quality in response to your lighting conditions and Dolby Atmos creates a spatial sound experience, so you can hear and feel more.

Functionality on-the-go

Adaptive thermals

Adaptive thermals keep your device cool on a table or your lap and running smooth wherever you use it.

Long-lasting battery

Stay mobile with a long battery life and enjoy ExpressCharge capabilities that minimize the time you spend tethered to an outlet and will recharge your battery up to 80% in 60 minutes.

Make everyday easier

Windows 11 comes with a modern design and multitasking tools to help you get it done faster, easier, and with style.

Your own personal AI assistant built right in to do the heavy-lifting so you can do the extraordinary. With Copilot in Windows get real answers, inspiration, and solutions for your questions, projects, and to-do-list.

Stay connected and do more with Microsoft Teams and Windows Studio Effects. Now you can eliminate distracting sights and sounds and elevate your video calls experience.
